REASON FOR TODAY'S CALL:

There is a leak coming from my drain pipe connection joint. See img_20180602_080635.jpg for close up of joint connection that is leaking. I'm worried that the other joints may also fail/leak at the connections in the future as all these drain pipes were replaced just over a year ago.

DESCRIPTION OF WORK PERFORMED:

The leak was coming from the left basket strainer and the dishwasher wye was installed before the P-trap, allowing sewer gases to seep into dishwasher. I replaced both basket strainer assemblies and repiped the ABS drainage. Tested by filling and draining both sides of the sink multiple times.
