REASON FOR TODAY'S CALL:  
Leaking bathroom faucet.

DESCRIPTION OF WORK PERFORMED:  
The faucet is running hot water. I could not see any branding on the faucet. I removed the hot cartridge and tried using a Kohler cartridge I had in the van. The Kohler cartridge fits and turns the water on/off but unfortunately the handle will not fit. I removed the Kohler cartridge and reinstalled the original cartridge. Magically the leaking has stopped. I will still reach out to our wholesalers to see if they recognize the faucet in the case that a new cartridge is still needed.
