REASON FOR TODAY'S CALL:

I have 3 Kohler showers (all identical). One of the showers no longer works properly and knows only two heat settings: hot & cold (no warm). Kohler said it's the cartridge and shipped me 5 of them (why 5, I have no idea). Are you able to install the 3 new units on Friday morning? My showers have hot & cold shut-off valves in the wall behind the shower plate, so no building shutoff, should be required.

DESCRIPTION OF WORK PERFORMED:

I installed the 3 new Kohler pressure balance cartridges provided by the customer. Tested and in good working order.
