**REASON FOR TODAY'S CALL:**

My client on Homer Street is now having an issue with the pressure valve in her shower. She thinks something is loose. She says it is getting very tricky to turn the water on and off. \*Dornbracht.

**DESCRIPTION OF WORK PERFORMED:**

AUG22: The original installer of the Dornbracht fixture cut the stem of the cartridge a little short. In turn the plastic adaptor that fits between the stem and the handle was just barely connecting. The plastic adaptor piece is now stripped. I will order a new cartridge as well as a new plastic adaptor. AUG28: I installed a new cartridge and plastic handle adaptor. Tested and in good working order.
