REASON FOR TODAY'S CALL:
The bathtub is draining slowly. We have used Drano to try and restore normal draining speed but this has not been successful. After a 5 min shower there is about 2 inches o water in the tub, which then gradually drains out after a few minutes.

DESCRIPTION OF WORK PERFORMED:
-I was able to remove some cat hair from the top of the tub drain which seemed to clear it up. I ran the PowerSpin drain snake through just to be sure. -I used the PowerSpin drain snake to clean the lavatory sink drain and tested by filling and draining the sink multiple times.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Clean drain using PowerSpin / Lavatory	$139.00	$139.00
