REASON FOR TODAY'S CALL:
 Powder Room: Toilet leaking when flushed. Ensuite bathroom: Toilet running.

DESCRIPTION OF WORK PERFORMED:
 Powder Room: The toilet was leaking from between the tank and the bowl when flushed. I removed the tank and reinstalled with a new tank to bowl gasket, tank bolts, and braided supply line. During testing I noticed the fill valve was also malfunctioning. I installed a new fillvalve and tested again. Toilet flushing normally.
 Ensuite: The toilet flapper was warped and the fillvalve was spraying water out of the top. I replaced the fillvalve, flapper, and supply line. tested and in good working order. I checked the other sinks and drains and they seems to be working normally.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Replace Tank To Bowl Gasket - Standard	\$169.00	\$169.00
