PHONE 604.715.5559		EMAIL k.adam@mail.com	

REASON FOR TODAY'S CALL:  
Replace Tub Spout.

DESCRIPTION OF WORK PERFORMED:  
 -I replaced the faulty tub spout with a new Delta pulldown type diverter spout and tested. -The shower head and spray hose were leaking?spraying up at the ceiling when in use. I replaced the handshower with a standard shower head and tested. -The shower valve trim was repaired by someone who used copper strapping to affix the handle to the cartridge. This is still working, albeit loosely. I recommend replacing the valve cover with a Grohe valve cover that will allow for the installation of new Grohe trim.

TECHNICIAN RECOMMENDATIONS:  
 There is a lot of degradation in the grouting around the tiles in the shower. I believe a lot of moisture to be leaking in behind the tile through to the drywall. I strongly recomend having a tile guy in to inspect and make the proper repairs.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Replace Standard Tub Spout Diverter	\$159.00	\$159.00
1		Delta Shower Head	\$20.00	\$20.00
SUBTOTAL:				\$179.00
GST (5%):				\$8.95
TOTAL:				\$187.95
