REASON FOR TODAY'S CALL:

You may remember our dripping bathroom faucet which you fixed for us but warned us that it was only temporary, and that the faucet was a no-name brand for which parts were likely unavailable. Well, its time to replace the faucet, and we've been to Splash and selected the Odin widespread chrome. It is in stock and we'll buy it once we know you are available, and if you think Odin is a decent brand. Thanks. Cameron

DESCRIPTION OF WORK PERFORMED:

I installed the new widespread lavatory faucet and pop-up drain assembly. During testing I noticed the cold angle stop under the sink was leaking. I replaced this angle stop with new and tested again.
