REASON FOR TODAY'S CALL:  
 Ensuite Bathroom: Tenant states that there're noises coming from the toilet at night.

DESCRIPTION OF WORK PERFORMED:  
 APR10: -The toilet flapper wasn't properly attached to the flushvalve, causing it to not seat fully and allow water to trickle from the tank to the bowl. I properly attached the flapper and during testing found the fillvalve to be taking a very long time to fill the tank after each flush. This fillvalve will have to be replace. I will contact Kohler and place the order. APR17: I returned with the new fillvalve. Installed and tested.
