REASON FOR TODAY'S CALL:
 Shower and sink not draining (plus screws for toto toilet!)

DESCRIPTION OF WORK PERFORMED:
 -I used the PowerSpin drain snake to clear hair from the master bathroom shower drain and tested. -The lavatory sink reported to be draining slowly seemed to be draining fine but I ran the drain snake down just to be sure. Nothing was removed on the end of the snake. -I installed the Toto toilet screws that were ordered last August. -While onsite it was mentioned that the master toilet runs on occasion and that jiggling the flush buttons seems to stop it when it does. Unfortunately during testing it did not run so I can't be quite sure why it sometimes does. I did however lower the height of the flush buttons slightly as they seemed to be set a little high which could have been applying pressure to the flushvalve assembly, in turn causing the toilet to run. If the issue persists we may have to look at replacing the flushvalve assembly.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Clean drain using PowerSpin / Tub/Shower	\$139.00	\$139.00
1		Toto Toilet Screws(Mounting Block Kit)	\$30.00	\$30.00
