REASON FOR TODAY'S CALL:

Bathtub draining slowly. Also would like to check hardware for potential leaks behind that may not be visible.

DESCRIPTION OF WORK PERFORMED:

-I used the PowerSpin drain snake to clear hair from the tub drain and tested. -I removed the tub/shower valve trim and found the cartridge to be leaking. I sent pictures of the valve and trim to Mathieu and suggested contacting Globe Union to have them send out replacement parts under warranty. -The kitchen faucet spray head is not functioning normally, I suggested having Globe Union send out a replacement head. -The toilet flapper chain was broken. I installed a new 3? toilet flapper and tested.
