**REASON FOR TODAY'S CALL:**

Food in the sink. Switched disposer on and smoke came from the cupboard underneath. Have unplugged everything but there is food in the sink that is starting to smell as the machine is broken and can't clear it. Tried to clear it out and see if anything was blocking it and reset the machine but more smoke came from the machine under the sink. Have unplugged and have left it. \*booked but grab keys en route.

**DESCRIPTION OF WORK PERFORMED:**

The Garburator grinding chamber had deteriorated to the point that bits of metal were breaking off and jamming it up. I replaced the Garburator with new and tested by filling and draining the sink multiple times while running the Garburator.
