REASON FOR TODAY'S CALL:

I tried to replace the filter under the sink and now it won't stop leaking. I must have done something wrong.

DESCRIPTION OF WORK PERFORMED:

JULY23: I found the leak to be coming from a seem in the instant hot water tank. Unfortunately this cannot be repaired so it will have to be replaced. I found out that a new digital version of this tank is to be released soon, Paris has decided to wait for this tank to be released. SEP25: I returned with the new digital instant hot water tank installed and tested.
