REASON FOR TODAY'S CALL:

We are now having issues with another of our toilets which is dripping and making funny noises. Same as before, it's a wall-hung type. Very similar to the problems we had back in May with the toilet in one of the second floor bathrooms. And even though the third bathroom is working fine I would rather have you check same as well as a preventive measure (before it start dripping too). *can go earlier.

DESCRIPTION OF WORK PERFORMED:

I replaced the flush valve gaskets in 2 guest bathroom toilets.
