PHONE 604.736.6478		EMAIL andrea@adventvancouver.com	

REASON FOR TODAY'S CALL:
 -master shower spray not functioning properly

DESCRIPTION OF WORK PERFORMED:
 -one of the shower control handles had come loose and fallen off. the handle fell off due to the fact that the shower rough-in valve was installed too far back not allowing the proper depth to attach the handles onto. i reattached the best i could, it is functioning normal now.

TECHNICIAN RECOMMENDATIONS:
 -the shower valve is set too far back from the tile, the only way to pull this forward to the proper depth would be to remove tile to gain access. if this persists to be a problem this may be the only option.
