REASON FOR TODAY'S CALL:
 -kitchen faucet leaking under sink when in use.

DESCRIPTION OF WORK PERFORMED:
 -kitchen faucet was leaking from the connection between the spray head and the hose. I tightened this connection and tested. -also while there John mentioned the H&C lavatory faucet handles are hard to turn on and off. the cartridges for both hot and cold handle would need to be replaced to resolve this issue. the cartridges would have to be ordered and the cost would be roughly \$40 each.
