REASON FOR TODAY'S CALL:
- Looking to install a new kitchen faucet (which we have already purchased) - Kitchen sink drain is leaking (from where the drain exits the sink) - seems like the sink and drain are not properly sealed. - Ensuite bathroom - sink drains well, but occasionally we can smell sewer gas and we're looking for an expert opinion.

DESCRIPTION OF WORK PERFORMED:
-Installed new kitchen faucet(customer supplied) -snugged down basket strainer -informed customer the smell could be coming from the over flow on the sink.
