REASON FOR TODAY'S CALL:

"Replace the kitchen faucet cartridge (supplied, already at Qube Concierge waiting for pick up) , check the shower head, shower faucet and the bathroom faucet."

DESCRIPTION OF WORK PERFORMED:

-Changed kitchen faucet cartridge , as per work order. -Checked bathroom; lav faucet seems to be in good working order. the shower head seems to be in good working order. I noticed the shower valve would not turn off, there is a constant drip present, most likely needs a new cartridge. this is not a brand that we have cartridges for so i would not be able to give a price for replacement without taking the valve apart and removing the cartridge.

TECHNICIAN RECOMMENDATIONS:

-since the strata supplied the cartridge for the kitchen faucet it may be in your best interest to inquire about getting a replacement cartridge for the shower valve as well, as they may be familiar with this issue. this will also save time and money as we would need to track down and order this part.
