PHONE 604.730.9790		EMAIL glennentis@yahoo.com	

REASON FOR TODAY'S CALL:  
 -shower valve loose in wall.

**DESCRIPTION OF WORK PERFORMED:**

Shower valve is loose inside wall , screw on the hot side of shower plate is stripped , did not want to risk taking it off incase it broke off in shower control valve .. Cutting from inside of closet will not work. Shower valve is located in hallway of the 13th floor , need to go thru strata in order to cut. Glen will check with strata , if not then we will have to either risk breaking cover plate screw off in order to look inside wall , or cut the tiles out in order to secure shower valve as it should of be done properly when installed. Shower arm/shower/tub spout as well as control will all need to be secure.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Inspection	\$50.00	\$50.00
			SUBTOTAL:	\$50.00
			GST (5%):	\$2.50
			TOTAL:	\$52.50
