REASON FOR TODAY'S CALL:
 -issues with kitchen faucet

DESCRIPTION OF WORK PERFORMED:
 -removed debris from inside the kitchen faucet spray head.

TECHNICIAN RECOMMENDATIONS:
 -the faucet is now functioning properly but i did notice some wear on the sprays hose. the way that the faucet was installed was causing the spray hose to rub on the edge of the metal sink when pulled in or out. i made it slightly better by moving it around but eventually this faucet may require replacement.
