REASON FOR TODAY'S CALL:
 -use K400 to clean kitchen sink drain.

DESCRIPTION OF WORK PERFORMED:

I ran the K400 drain cleaning machine through the kitchen/shower drain from the access under the kitchen sink 3 times. There did not seem to be any obstruction. When the kitchen sink is filled and drained there is still a gurgling sound in the shower but I believe this may be the negative pressure in the drain pipe creating suction on the shower p-trap.
