REASON FOR TODAY'S CALL:
Toilet plugging up

DESCRIPTION OF WORK PERFORMED:
The toilet was not clogged when I arrived. I tested by flushing rolled up balls of toilet paper. The flush does not seem very strong but it flushed rolled up balls of toilet paper without clogging, it was only when I tried to flush 3 large rolled up balls of toilet paper that it clogged. I ran the 6' toilet auger though with ease, I did not hit any obstruction, other than the toilet paper which was easily cleared.

TECHNICIAN RECOMMENDATIONS:
The toilet auger did not seem to run into any obstruction which would indicate that there is nothing lodged within the toilet. I think that the toilet just does not have a very strong flush.
