PHONE 604.417.9003		EMAIL colin@colindoig.com	

REASON FOR TODAY'S CALL:

-garburator very loud. -kitchen sink leaking. -lav drains are very slow to drain. -dishwasher not secured, when door opened it tips over. -toilet in master bathroom running.

DESCRIPTION OF WORK PERFORMED:

July22--cleared hair from tub drain and both lav drains. Removed bit of plastic from garburator grinding chamber and tested. Aug12--installed new Delta Palo kitchen faucet. Secured dishwasher using metal strapping and screws. Replaced the fillvalve, flapper, and supply line in the master bathroom toilet.

TECHNICIAN RECOMMENDATIONS:

The shut off valve for the master toilet is not fully shutting the water off. To make the repairs to this toilet I had to turn off the suites main water valves located in the pantry.
