REASON FOR TODAY'S CALL:

-lav faucet running. -take pics and measurements of toilet for toilet replacement quote.

DESCRIPTION OF WORK PERFORMED:

-The cartridge with the guest bathroom lavatory faucet was cracked and not fully stopping the flow of water through the faucet. I replaced this cartridge with new. -I tested the toilet in this same bathroom by flushing rolled up balls of toilet paper 8 times and on the 8th time it did clog, on the 9th flush it flushed fine. The flush is not very strong but the water level in the tank has already been raised on a previous visit and a 6' toilet has been pushed through the toilet with no resistance, there is nothing else that can be done within the tank to make this any better.

TECHNICIAN RECOMMENDATIONS:

If replacement of the toilet is to be made the following measurements will be needed: 1) 29-3/4" to the underside of the countertop above the tank. 2) 12-3/4" from back wall to center of bolt caps.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Replace Lav Faucet Single Lever Cartridge - Standard	\$149.00	\$149.00
			SUBTOTAL:	\$149.00
			GST (5%):	\$7.45
			TOTAL:	\$156.45
