REASON FOR TODAY'S CALL:  
 -garburator leaking. -inspect toilet, possibly leaking?

DESCRIPTION OF WORK PERFORMED:  
 ---The garburator was leaking right through the unit, I replaced with a new Badger 5. The sink drainage was fully blocked, I used the PowerSpin drain snake to clear the blockage and tested the drain and garburator by filling and draining both sides of the sink while running the garburator. ---The original toilet tank bolts and washers were quite small(1/4") and the washers had deteriorated allowing water to seep out of the tank, I replaced the tank bolts and washers with 3/8" type. The wedges under the left side of the toilet had worked there way out of place causing the toilet to rock slightly. I replaced the wedges and re-secured. If the toilet starts to rock again we may have to lift the toilet and inspect the flange to make sure it is not damaged.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Supply & Install 1/2HP Badger5 Garburator	\$299.00	\$299.00
1		PowerSpin - Drain Cleaning Add-On	\$50.00	\$50.00
SUBTOTAL:				\$349.00
GST (5%):				\$17.45
TOTAL:				\$366.45
