REASON FOR TODAY'S CALL:

"We just moved in and notice our toilet is slow and not flushing properly. After flush the toilet paper comes back up sometimes" *works 5 mins away, can do earlier day/time. call ahead.

DESCRIPTION OF WORK PERFORMED:

The toilet has 2 flushes, a half and a full, if the half flush is used when there is solids in the bowl it will not fully flush. The full flush(right button) will get rid of solids. I ran the toilet auger through to be sure there was no blockage, and flushed large rolled up balls of toilet paper to test.
