REASON FOR TODAY'S CALL:
kitchen tap - no water coming out

DESCRIPTION OF WORK PERFORMED:
July 11---I removed faulty check valve from within faucet. This check valve diverts water from main spout to the side spray, without this piece the faucet now works but the side spray does not. I have emailed American Standard about having parts mailed out.

TECHNICIAN RECOMMENDATIONS:
I received the replacement part from American Standard but could not get a hold of the tenant to install.
