REASON FOR TODAY'S CALL:
 Need to replace garburator with new one we have bought (badger 1 with badger 5) We just moved in our inspector said it was needed. Sluggish drain in master bathroom, and that tap is a little wild spraying, nothing major.

DESCRIPTION OF WORK PERFORMED:
 -I installed the customer supplied dishwasher and replaced the dishwasher drain coupling as the old one had cracks forming in it. Tested by filling and draining both sides of the sink while running the garburator. -I cleared the master bathroom lavatory drain using the PowerSpin drain snake and replaced the lavatory faucet aerator in the same bathroom. Tested by filling and draining the sink multiple times.
