REASON FOR TODAY'S CALL:
 -install customer supplied shower heads.

DESCRIPTION OF WORK PERFORMED:
 -I removed the existing shower heads and installed 2 new shower arm and escutcheons. After installing the first new shower head I realized that the pressure did not seem to increase much if at all. I made a suggestion to Peter that he purchase shower heads with less surface area as the ones purchased were very large. I left a roll of Teflon tape with Peter so he could simply twist the new heads in place when he got home.
