REASON FOR TODAY'S CALL:

kitchen sink appears to be detached from drain ... water is leaking under sink. Can you also bring the bathroom drain plug to replace the one that broke when you were here recently to snake the bathroom sink and tub. Had trouble booking the appointment - so any time you can come would be great.

DESCRIPTION OF WORK PERFORMED:

-I re-attached the kitchen sink strainer assembly and tested by filling both sides of the sink and draining while running the garburator. -I replaced the lavatory pop-up drain and tested by filling and draining multiple times.
