REASON FOR TODAY'S CALL:

-Master bathroom shower leaks onto floor -Guest bathroom missing shower handle taisukeanno311@gmail.com

DESCRIPTION OF WORK PERFORMED:

---Jan12: The shower in the guest bathroom is missing the handle. The brand "Jado" is no longer available. I will have to search for a handle that will fit or replace the entire trim. The shower in the master is leaking onto the floor because the tiled shower curb is graded outward causing water to flow outward instead of into the shower pan. I believe the only way to rectify this would nee to have the curb re-tiled. ---Feb5: I found an American Standard handle that fit, delivered and installed the new handle.
