REASON FOR TODAY'S CALL:  
 -replace roman tub filler cartridges(Mainline) -garburator jammed

DESCRIPTION OF WORK PERFORMED:  
 ---March18: -The cartridges provided by Mainline for the Roman tub filler were the wrong size. I turned the water supply off and will contact Mainline again. -I removed a couple of rocks from the garburator and tested. ---April22: -I replaced the top floor toilet fillvalve, flapper, and supply line. I also had to install a retro shut off valve because the existing valve was not fully shutting the water off. -I installed a new Riobel Roman tub filler and tested.

| QTY. | CODE | DESCRIPTION  | UNIT PRICE | PRICE    |
|------|------|--|------------|----------|
