REASON FOR TODAY'S CALL:

Not 100% sure, but I believe there is a minor leak inside my toilet. Periodically, there is a small puddle of water on the floor in front of it. The pool has appeared approximately 4 times in the past week.

DESCRIPTION OF WORK PERFORMED:

The toilet is secure and the silicone is intact. I tested by flushing the toilet multiple times and found no moisture leaking from anywhere. I did notice some staining coming down the front of the bowl which could be urine dribbling down and collecting of the floor.
