REASON FOR TODAY'S CALL:
 Toilet gets clogged frequently. This unit is tenanted. Please contact Manju at 778-323-9884 to confirm date and time of appointment. You can also call me, Naushi, the owner at 604-838-1910 to confirm the appointment

DESCRIPTION OF WORK PERFORMED:
 -I ran the 6' toilet auger through the toilet but did not seem to hit any obstruction. I then tested the toilet by flushing large rolled up balls of toilet paper(more than would ever normally be used) and could not get the toilet to clog up. The toilet seems to be working without issue. -The tenant mentioned while onsite that there was a leak under the lavatory sink. The leak was coming from the threads of the pop-up drain assembly. I removed the nut & beveled washer, applied liquid Teflon to the threads, and re-installed the beveled washer & nut. Tested by filling and draining the sink multiple times with no signs of leaking.
