REASON FOR TODAY'S CALL:  
leak in ceiling below tub.

DESCRIPTION OF WORK PERFORMED:

-I replaced both tub drains with new and applied the discount offered to the Strata lot last year when the notices for replacement went out. - During replacement of the tub drain in the master bathroom i noticed the tub spout was loose. It was loose due to the fact that the connection in the wall was set too far back not allowing enough threads to make contact. I replaced this tub spout with a new Delta pull-down type spout and tested.
