REASON FOR TODAY'S CALL:

Install Hansgrohe 3-hole widespread faucet in bathroom. Customer purchased faucet from Sherrett. *There's some on-street parking but also visitor parking in the parkade. The parkade entrance is on 5th Ave near Hemlock Street.

DESCRIPTION OF WORK PERFORMED:

-I removed the old faucet and during installation of the new faucet realized that the threads on the new spout did not fit in the hole through the sink. I installed retro shut off valves on the Hot & Cold shut off valves to mitigate the chances of any leaking from the valves while Pam searches for a new faucet that will fit in the existing lavatory sink. *Pam ended up purchasing the new faucet but another plumber installed it due to time constraints.
