REASON FOR TODAY'S CALL:

Our tenants are reporting issues with the garburator in their unit: Currently, [the garburator] will only turn on for a few seconds before shutting itself off. We then have to press the red reset switch under the sink to get it working again (until it shuts itself off again). *it sounds like something is lodging itself in the grinding chamber, causing it to jam up. if the garburator can be unjammed you would just be paying our minimum \$109+GST service fee. if you are able to send us pictures showing the garburator and drainage under the sink i can let you know what it would cost if replacement is necessary:)

DESCRIPTION OF WORK PERFORMED:

The grinding chamber was deteriorated to the point that chunks of metal were breaking off, this could not be repaired. I replaced the garburator with a new Waste King 1001 and tested by filling and draining the sink multiple times while running the garburator.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Supply & Install 1/2HP Waste King 1001 Garburator	\$279.00	\$279.00
