REASON FOR TODAY'S CALL:
 Smell coming from sink *Call when enroute Caleb: 778.926.4462

DESCRIPTION OF WORK PERFORMED:
 There was a small amount of water leaking from the ptrap as well as the tailpiece connection. I tightened both of these connections and tested by filling and draining the sink multiple times. There does not appear to be anything wrong with the piping under the sink. If the smell persists the next step will be to see if the opening in the wall in and around the drain pipe is the cause by sealing it with plastic shopping bags and packing tape.
