PHONE 604.738.4620		EMAIL admin@boxercapital.com	

REASON FOR TODAY'S CALL:
 -guest bathroom toilet running -check all drains

DESCRIPTION OF WORK PERFORMED:
 -I used the PowerSpin drain snake to clear the shower drain and tested. I removed hair and gunk from the top of the tub and lavatory sink drains in both bathrooms and tested. -I replaced the flushvalve gasket in the guest bathroom toilet. -I filled and drained the kitchen sink multiple times while running the garburator. It is draining fine and there are no signs of leaking. -I ran the top dishwasher through a short fill/drain cycle and it seems to be in good working order. The bottom dishwasher however does not turn on, there is a fault signal. *I suggest having an appliance repairman inspect this bottom dishwasher.

TECHNICIAN RECOMMENDATIONS:
 During testing I noticed that the kitchen faucet handle can turn itself on if not turned off and left in the forward position. Also the spray hose is difficult to pull out. I could not solve either of these issues and would suggest replacement of the faucet.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Replace FlushValve Gasket - Geberit In-Wall	\$159.00	\$159.00
1		PowerSpin - Drain Cleaning Add-On	\$50.00	\$50.00
