REASON FOR TODAY'S CALL:

Water takes a while to drain from Tub. I would like to have it snaked. I would also like if you can change the "plug" to include one that can catch hair. The one I have currently is not removable - ie - turn half way it closes - so can not accommodate a "hair catch". Are you able to do both?

DESCRIPTION OF WORK PERFORMED:

I used the PowerSpin drain snake to clean the tub drain and tested by filling the tub 8" and draining.
