REASON FOR TODAY'S CALL:

"Our tenant reported that there is some issues with drainage system of the toilet. Please schedule a time with our tenant and arrange for service at your earliest convenience. Thank you!"

DESCRIPTION OF WORK PERFORMED:

-The tenant reported that he hadn't used the guest toilet since his moving in on Jan 1st due to reports from the previous tenant stating that the toilet, when flushed, would not stop running water. I tested the toilet and it appears to be flushing normally. I could not inspect the inside of the tank because it is completely covered in tile. If issues arise with either of the toilets in the future a tile making part of the ledge above the toilet will have to be removed to gain access to the parts within the tank.
