REASON FOR TODAY'S CALL:  
Leak under kitchen sink

DESCRIPTION OF WORK PERFORMED:  
 ---Feb8: When I arrived the tenant mentioned that the leaking from the faucet had stopped. I tested the faucet for some time but could not recreate the leaking that was experienced prior to our visit. Although the faucet is not currently leaking I think it would be best to replace the faucet as I am not sure what caused the initial leak and cannot say with any certainty that it won't happen again. ---Feb16: I was able to convince the manufacturer of the faucet to provide another faucet under warranty. I replaced the faucet with the new warranty replacement faucet and tested.
