REASON FOR TODAY'S CALL:

I have a very slow leak in my kitchen sink, see attached pictures. Also, I was hoping you could change my shower head as well.

DESCRIPTION OF WORK PERFORMED:

-The leak under the sink was coming from a crack in the garburator drain 90. I replaced this fitting and tested by filling and draining the sink multiple times while running the garburator. No other leaks present. -I installed the customer supplied shower head and tested.
