REASON FOR TODAY'S CALL:
Toilet not flushing well in guest bathroom

DESCRIPTION OF WORK PERFORMED:
I used the 6' toilet auger to clear the toilet blockage and tested by flushing paper towel (there was no toilet paper, only paper towel). Although I used the paper towel for testing I informed the tenant that it is not recommended to flush paper towel and suggested using toilet paper instead to mitigate the chances of future clogging.

TECHNICIAN RECOMMENDATIONS:
There is a blue self cleaning pick in the tank of the toilet. I informed the tenant that these picks are not good for the parts within the tank and should not be used. I mentioned that there are alternatives out there that stick to the inside of the bowl instead.
