**REASON FOR TODAY'S CALL:**

There is a leak under the kitchen sink - where the garburator is. You had worked on that sink once before. In addition, both the kitchen sink and the bathroom sink drain very slowly. My son can let you into the apartment anytime on Wednesday, if you are available His number is 604-323-4232

**DESCRIPTION OF WORK PERFORMED:**

-The garburator was leaking right through the unit. I replaced the garburator with a new Badger5 and tested by filling and draining the sink multiple times while running the garburator. The dishwasher drain hose was kinked, I cut the kink out and extended the hose to the garburator. -I removed sludge from the top of the lavatory sink drain and tested by filling and draining the sink multiple times.
