REASON FOR TODAY'S CALL:

I have a paini kitchen faucet that needs a cartridge replacement. 2 bathroom toilets need their inside parts replaced, the water inflow, the ball that levels the water and the flapper.

DESCRIPTION OF WORK PERFORMED:

-I replaced the fillvalves, flappers, and supply lines in both toilets. -The kitchen faucet is leaking from the spray head. I suggested calling Paini customer support and asking if a new head can be sent out under warranty. -While onsite Iain mentioned his garburator was not functioning. I was able to unjam it and tested by filling and draining the sink while running the garburator.
