REASON FOR TODAY'S CALL:  
 The toilet cistern continues to fill and pour water into the bowl. \*Laura(owner): 1.858.414.9707

DESCRIPTION OF WORK PERFORMED:  
 The rubber seal on the counter balance flapper assembly was deteriorating, allowing water to slowly trickle out of the bowl, and the FillValve was not shutting off when the tank was full. I replaced the fillvalve, flapper assembly, and supply line. During testing I noticed the new flapper counter float was not functioning as well as the original so I took the rubber seal off of the new assembly, installed it on the old assembly and reinstalled. Tested and in good working order.

QTY.	CODE	DESCRIPTION	UNIT PRICE	PRICE
1		Replace Toilet FillValve, Flapper, Supply - Briggs/Eljer	\$189.00	\$189.00
			SUBTOTAL:	\$189.00
			GST (5%):	\$9.45
