REASON FOR TODAY'S CALL:

I have two issues that need to be addressed: 1. Garburator/garbage disposal does not work and likely needs to be replaced. 2. Shower drain appears to be partially blocked.

DESCRIPTION OF WORK PERFORMED:

-The garburator grinding chamber was seized up due to rust. I was able to free it up and get it turning again. Tested by filling and draining the sink multiple times while running the garburator. -I used the PowerSpin drain snake to clean the tub drain and tested.
