REASON FOR TODAY'S CALL:  
 Garburator(food garbage disposal) in the sink is not working. It still makes sound but nothing?s grinding.

DESCRIPTION OF WORK PERFORMED:  
 The garburator seemed to have seize up due to rust buildup. I was able to free up the garburator by removing the buildup of rust and tested by filling and draining the sink multiple times while running the garburator.

TECHNICIAN RECOMMENDATIONS:  
 The garburator must be run periodically to mitigate the chances of rust forming and seizing it up again.
