REASON FOR TODAY'S CALL:
 Kitchen sink is leaking and need a replacement part in the shower.

DESCRIPTION OF WORK PERFORMED:
 -Parham contacted Danze and had them send out a replacement faucet spout and mixing cartridge. The spout that Danze sent out was for another faucet but the existing spout was only leaking because it was loose. I removed the existing spout, cleaned it up, tightened all the loose connections, and reinstalled. I then installed the new mixing cartridge and tested. Faucet is functioning normally and no leaks present. -The part required for the tub/shower diverter was not sent out by Danze. Parham will contact them again and have the right part sent out.
